

# NET VIR PRET NEWSLETTER

## Welcome

Let's dive deeper into our programmes and give you, the reader, a closer view to what we did in the month of April. Enjoy!

## May '24

Workshops in preparation for the end of year show have started and a team will be visiting Cape Town to do some research and puppet building.

## Close Bond!

Here at Net Vir Pret our facilitators are building a close bond with our youngsters. This allows the youngsters to trust and work on activities with confidence knowing that there are people here who really care about their development.

---

## Programme highlights

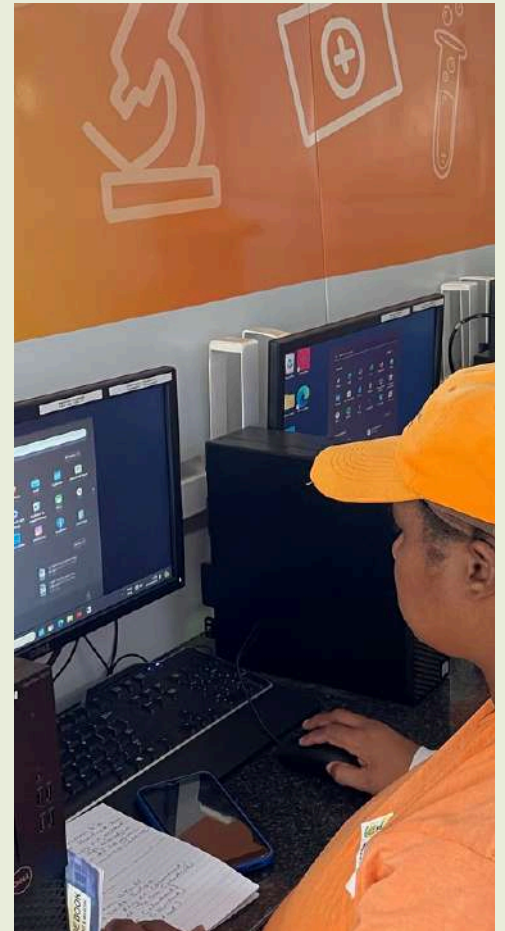

### AFTER CARE

One of our main activities for April was National Book week. This gave the youngsters the opportunity to dress up as their favourite character out of the kids story books. They also focused on questions based on all our beloved kiddies tales to test the knowledge of our kids.

### ARTS & CRAFTS

In our Arts and Craft class we focused on colour and mixing them to create other colours. They used recycled cans and painted them with the colours they have created. This helped to develop their creativity in colour mixing and brought to life new good looking cans.

### SKILLS DEVELOPMENT WORKSHOPS

Our adult skills development programme has taken a leap forward. We now have 35 adults, mainly female, attending the morning classes 4 times a week. Our aim is to strengthen the knowledge and craftsmanship of the group by having the following workshops:  
Computer Literacy  
Textile design  
Carpentry

### MUSIC

Our music programmes has been going on strong. The tutor now has a mixture of youngsters from the community and also youngsters from the farm. This is also great practice for the Year-End Event, where these youngsters will be the main musicians singing in front of a huge audience.

### FARM OUTREACH

Our farm outreach programme is back on track. Every week a team goes out to 4 farm schools to deliver a developmental programme. We are also able to bring some in to our centre to take part in all the programmes we have to offer. This ranges from computer classes to craft classes and also bike riding in our lovely neighbourhood.

# A New Prospect

## NEW WORKSHOPS IS ON ITS WAY - ANOTHER WAY TO ENPOWER THE COMMUNITY

Net Vir Pret is planning to start new workshops in Basket Weaving and String Art. Not only will this empower the community with creative skills but can also serve as a means of income as these baskets and string artifact will be sold at the monthly markets in the Overberg district. In past few weeks we have been planning and structuring these workshops and will soon be ready to launch them. With experienced tutors we'll soon be producing beautiful work.

**Basket Weaving** - Making baskets requires a certain type of cane and well a developed weaving technique. The tutor, who has years of experience with weaving, will make sure the baskets are market ready.

**String Art** - Earlier this year, three of our youngsters created wonderful objects using String Art - a technique which uses nails and string on a frame to create beautiful objects. The three made such an impact We had three participants who created wonderful string arts. The three made such an impact that they were invited to the KKNK Festival in Outshoorn to display their work. We aim to build on that.

These skills are being delivered at no charge and we invites everyone to sign up.

## Work with us today

### THERE ARE DIFFERENT WAYS TO SUPPORT THESE WORKSHOPS

We'd love to see you and show you around our Centre.  
Come anytime or phone to let us know you're on your way.
